

Sikorsky Sea King

Fuselage Instruction Manual

Century has designed a new Sikorsky S-61 Sea King. Changes to full-size helicopter designs are a direct challenge to the modeler. To its predecessor, the Century model Sea King fuselage has many tiny details to catch your eye, and major detail features make a tremendous difference to the overall impression.

SEA KING SPECIFICATIONS

Length: 54" Body nose to body tail.

Width: 18.5" Body left to right.

Height: 13" Body bottom to top.

Weight: 12-14 lbs. With full load of 60-90 size mechanics and Radio equipment
